

THE STATE

OF WYOMING

Department Of Fire Prevention & Electrical Safety

MATTHEW H. MEAD
GOVERNOR

LANNY APPEGATE
STATE FIRE MARSHAL

Following is a list of some of the available Apprenticeship Training programs. These programs have curriculums that have received Bureau of Apprenticeship and Training (BAT) approval.

This Department does NOT endorse any one program over the others, but provides this list for your convenience. You are free to explore other options. If you wish to obtain BAT approval for your program in addition to approval from the State of Wyoming Electrical Board, you must apply to BAT.

Once you have decided on an Apprenticeship Training program, please submit the attached Application for Apprenticeship Training Program approval to this office; the Electrical Board will sign their approval at their next quarterly meeting.
