Firefighter II Manipulative Skills:

Please view the following link for information regarding manipulative skill competencies, and the forms and equipment a candidate must have available in order to participate in manipulative skills examination:
<http://wyofire.state.wy.us/pdf/certificationinformation.pdf>.

State non accredited certificate: Candidates must pass the In-House Comprehensive Skills Test. Candidates are assessed for competency for each skill listed on the training record. Keep in mind this is a **test** and there should be **no coaching or training** during the testing process. If a candidate fails to perform a skill, it will count as a first attempt failure and they will be given a second attempt. If they fail a second time they need to be retrained on that skill and tested again. Only **qualified** candidates that have passed with **100%** should be allowed to take the State SPOT CHECK exam.

Candidates are “spot checked” on **THREE (3)** individual manipulative skills. No prior notification of the skills or the evolution being tested will be given. Applicants who fail an Individual Skill must wait 30 days before attempting a second attempt. If an applicant fails the second attempt, they must wait an additional 30 days for a third and final attempt. Candidates taking third attempts will test on the skill they failed plus an additional skill from the same section. **No training, teaching, or coaching is allowed during this test.**
